

Date: 26/02/2026
Name: Dhanya S

I am Dhanya S from Kakunje software working as an intern. Today i had my 22 session it was an interesting session and mam had thought us about ReactJS. Today i learned about Events, normal event, change event, control component, onFocus and onBlur, passing parameter in events, Basic list, User list, Table, Form using single value, Form using multiple values, Form that displays in console as well as in browser, React Router, React.memo, Inline CSS styling, External CSS styling, CSS module and how to import all this three CSS styling in App.jsx had seen today.
