

Date: 09/02/2026

Name: Dhanya S

I am Dhanya S from [kakunje](#) software working as an intern. Today i had my seventh session it was a interesting session and i had learned about the concepts on advance [css](#). Today i learned about border-radius how it can be applied in different way, gradients types that is linear, radial and conic, and how to apply box shadow, text overflow, word wrapping, word break that is keep-all and break-all, writing mode like horizontal-tb, vertical-[rl](#), 2D transform like translate, rotate, scale, skew, matrix, and also 3D transform and different types of transition methods.
