

Date: 14/02/2026
Name: Dhanya S

I am Dhanya S from Kakunje software working as an intern. Today i had my 12 session it was an interesting session and mam had thought us about JavaScript programming language. Today i learned about events like `keydown` and `keyup`, String methods, string - search methods, date methods like how we can get full year, month, date, hours, minutes and seconds, and also Math methods apart from this we had revision session it was very helpful to revise the concepts.
