

Date: 18/02/2026
Name: Dhanya S

I am Dhanya S from Kakunje software working as an intern. Today i had my 15 session it was an interesting session and mam had thought us about Bootstrap. Today i learned about how to setup the elements using bootstrap, how to use container, container-fluid, display, heading, lead, Typography and also text color, text background color, basic grid structure, table and also different classes that we used in table, how to style image using bootstrap, alert links, dismissing the alert links, Badge class, contextual badge, badge inside the button, btn active and disabled, btn group, dropdown button, button spinner, outline for button, button sizes, display grid, vertical button group.

15task.html > html > body > div.container.mt-3.text-center

```
