

Date: 13/02/2026
Name: Dhanya S

I am Dhanya S from [Kakunje](#) software working as an intern. Today i had my 11 session it was an interesting session and mam had thought us about JavaScript programming language. Today i learned about multiple styles adding using JavaScript, Functions in JS, Objects - different properties that can be added in objects, arrays, and also different array methods, slice and splice methods and also how to concatenate two arrays, user input, foreach, map, filter and reduce, events in JS.
